

# Factsheet

## Extended Financial Reports

### Continia Finance Solution

for Microsoft  
Dynamics™  
365 Business  
Central

The module Extended Financial Reports is part of Continia Finance, the complete solution for financial management in Microsoft Dynamics 365 Business Central. In the following you will get an overview on essential functionalities of the module.

## **Benefits**

With the Extended Financial Reports module, you can streamline your year-end procedures and simplify the financial reporting process. It provides accurate accounting schedules and comprehensive finance reports that will help you gain a deeper understanding of your business's financial health.

The Extended Financial Reports module is a part of Continia Finance. It offers several useful features for businesses that use account schedules in Business Central, giving you the possibility to create flexible financial reports.

## Balance

Set up G/L account groups, assign accounts to schedule lines, manage asset/liability items, and ensure accurate vendor and customer displays.

## Accounting proof

Print proof for lines with account totals, conduct plausibility checks, and customize column layouts.

## Total-Balance lists

Access lists for G/L accounts, debtors, and creditors in an extended layout, with filter options and Excel output.
