Continia Microsoft E-Document Connector

CAD PRICE SHEET /// Microsoft AppSource on Business Central Online

Valid January 2025

Built into Business Central online – ready to go

Continia Delivery Network is pre-installed in Business Central online and available directly from the E-Documents Service page as Continia Microsoft E-Document Connector. To get started, simply choose Continia as your service provider, accept the use of non-Microsoft systems, and you're ready to set up and use the service—no installation required.

Free Trial

With a free trial, you can test Continia Delivery Network and experience the many benefits of using our service. The trial ends when one of the following limits is reached:

- 30 days have passed since the setup date
- A total of 25 documents have been registered

Following the trial period, or at any point during it, you can easily subscribe to the service.

Since you've already completed the setup, you can continue right where you left off—working with the same data and setup from your trial period.

How do I calculate my price?

Your price for using this app is based on the number of registered documents. Each time you send or receive a business document or a status update document (e.g. invoice business response) using Continia Delivery Network, it counts as one transaction.

Your price will depend on the total number of transactions across all companies during a calendar month. See the price table for the different price levels.
