To get started, simply choose Continia as your service provider, accept the use of non-Microsoft systems, and you're ready to set up and use the service—no installation required.

Free Trial

With a free trial, you can test Continia Delivery Network and experience the many benefits of using our service. The trial ends when one of the following limits is reached:

- 30 days have passed since the setup date
- A total of 25 documents have been registered

Following the trial period, or at any point during it, you can easily subscribe to the service.

Since you've already completed the setup, you can continue right where you left off—working with the same data and setup from your trial period.
