

OPplus modules can be licensed as a purchase license or as a subscription.

For purchase licenses, enhancement plan is mandatory, and 16% of purchase license value. Current yearly indexation rate is 5%.

Prices for subscription licenses are not user-related.

All prices are recommended prices excluding VAT and subject to change and availability.

| Granule ID | OPplus module name | Price | Monthly price |
|---|---|------------|---------------|
| The module 5158010 is free of charge and is used to check the license. It must be included in every customer license, if the database contains OPplus objects. | | | |
| 5158010 | OPplus | 0,00 € | 0,00 € |

¹ Please note: Upon placing an order for bundle-modules 157930, 5157940, 5157950, the modules 5157810 and 5157860 must also be licensed, but are already included in the bundle price.

² The modules marked with an asterisk (*) are not part of the certified solution. However, you can still order them for customer projects at the conditions listed above. For the uncertified modules, there are no factsheets available and tables, forms, etc. within the 70,000 object area must be activated. Please check (if necessary) which objects are required.
