

OPplus End customer Pricelist

for Microsoft Dynamics™ NAV and
Dynamics 365 Business Central (On-Prem)

Price List OPplus – Certified Modules for Microsoft Dynamics NAV™ and Dynamics 365 Business Central (On-Prem)			
Granule ID	OPplus module name	Price	Maintenance annually
The Modul 5158010 is free of Charge and is used to check the license. It must be included in every customer license, if the database contains OPplus objects.			
5158010	OPplus	0,00 €	0,00 €

Included in the bundle prices listed below are the modules Base 5157810 (import of bank statements) and OPplus Payment Base 5157860 (generating payment files). This means that these modules must be included in the license as well.			
5157930	OPplus 1 – 5 Interfaces (Small Bundle)	1.950,00 €	312,00 €
5157940	OPplus 6 – 20 Interfaces (Standard Bundle)	4.500,00 €	720,00 €
5157950	OPplus Unlimited Interfaces (Enterprise Bundle)	9.500,00 €	1.520,00 €
The following treasury module can only be used depending on one of the top bundles. The price can also be seen depending on the bundle used.			
5483220_5	Treasury für bis zu 5 Interfaces (nur mit 5157930)	1.000,00 €	160,00 €
5483220_20	Treasury für bis zu 20 Interfaces (nur mit 5157940)	3.000,00 €	480,00 €
5483220_XX	Treasury für Unlimited Interfaces (nur mit 5157950)	4.500,00 €	720,00 €

*By providing this price list, any previous price lists of gbedv GmbH & Co. KG will lose their validity. All prices are subject to statutory value-added tax (VAT).

Granule ID	OPplus module name	Price	Maintenance annually
Additional modules, all are available stand alone, except the module Association 5157820.			
5157820	Association and Cust. Vend. Linking	2.000,00 €	320,00 €
	Requirement: One of the Bundles above, that is, 5157930, 5157940 or 5157950		
5157830	G/L Open Entries	750,00 €	120,00 €
5157840	Extended Lists and Reports	1.200,00 €	192,00 €
5157850	Trial Balance and VAT [Extended Analysis]	1.800,00 €	288,00 €

Additional modules for module 5157860 OPplus Payment Base			
5157870	OPplus DTAZV	1.800,00 €	288,00 €
5157880	OPplus Payment BACS	750,00 €	120,00 €
5157890	OPplus Payment CH	750,00 €	120,00 €
5157920	OPplus Payment FR	750,00 €	120,00 €

Please note: The activation of the granules is done by the partner. A transfer of the license is not required. For the activation, MBS also invoices the increased maintenance fee in addition to the granule costs. **At the present time (status 11/2012) MBS charges no additional granule costs. Should MBS change this, the price list will be adapted correspondingly.** For the above mentioned bundle modules, modules 5157810 and 5157860 must also be licensed, but are already included in the bundle price. For a simultaneous order of one of the bundle and the 5157830..5157850 modules, an additional invoice discount of 10 percent will be granted. Please note that the discount does not reduce the Maintenance Base. The license prices are payable on delivery based on standard version (DE, AT, CH, W1) of Microsoft. Without additional costs you can get the two previous versions (i.e. Microsoft Dynamics 365 Central on Prem Spring and Fall). Within the above mentioned BC versions the current cumulative update and the two previous cumulative updates are available without additional costs. **For other base versions, the technical realization will be tested and the downgrade will be charged according to actual expenditure.**

Granule ID	OPplus module name	Price	Maintenance annually
5157970	Multiple Pmt. Discount	750,00 €	120,00 €

Granule ID	OPplus module name	Price	Maintenance annually
26160690*	Factoring Basis (plus mapping creation)	1.200,00 €	192,00 €

These modules are not part of the certified solution. However, you can still order them for customer projects at the conditions listed above. For the uncertified modules, there are no fact sheets available. For the modules marked with an asterisk (*), the tables, forms, etc. within the 70,000 object area must be activated. Please check (if necessary) which objects are required.
